

U.S. Fish & Wildlife Service

Bear River Migratory Bird Refuge Brigham City, UT General Bird Survey February 2, 2015

Volunteer Kristin Purdy conducted a general bird survey (non-waterbird) on the refuge on Feb 2, 2015, recording 19 species. Neither species nor numbers observed were remarkable for this month, however, both species and numbers very similar to those recorded in January, implying most birds observed in the January and February surveys were winter residents and seasonal movements have not yet begun.
